Informative. Accurate. Dependable.

Trust over 45 years of Consumer Research

Offer your patrons easy access to the most reliable city-to-city comparisons of key consumer costs available!

Data is gathered and published quarterly by the Council for Community and Economic Research (C2ER), and recognized by the U.S. Census Bureau, US Bureau of Labor Statistics, CNN Money, and the President's Council of Economic Advisors.

Ask yourself... do your users need help deciding whether that new job offer in another city is actually better than what you have now? Manage employee salaries for multiple cities? Need reliable cost of living comparisons?

This web-based application allows researchers, students, and faculty members to access to the most up-to-date cost of living data available.

Various access options are available and range from a basic calculator feature to unlimited downloads in PDF or Excel format and a full archive add-on including historical data.
