

## SLRLN Member Offer

### Subscription Services

For over 38 years, WT Cox has been a trusted provider of electronic and print subscription services. We are known industry-wide for our personalized service standards.

- K-12 Schools (public and private) 8-18% discount from publisher list price
- Public Libraries 0-8% discount
- Community Colleges 5% discount to 2% service charge
- Private Academic 2% discount to 2% service charge
- State University Libraries 2% discount to 2% service charge
- Special Libraries 2% discount to 2% service charge

### eContentStats

eContentStats, powered by Pubget, leverages Pubget technology from Copyright Clearance Center to securely track a library's e-resource usage statistics, saving customers time and enabling libraries to make informed purchasing decisions.

*Custom pricing for eContentStats is library specific and available to members upon request.*

*Members can select from two service options: Standard eContentStats Service which is managed by the library staff and the Premium eContentStats Service which is managed by the staff at WT Cox.*

*Discount offers on both options of eContentStats do apply for SLRLN members.*

### Journal Finder

Our exclusive electronic journal management system offering an A-Z title list, Link Resolver and ERM solution. Provide library users easy access to your electronic content with a clean, user friendly interface.

*Members receive a \$500 discount. Maximum cost of \$5,000 and minimum of \$1000.*

*Members who are or become a subscriptions customer will receive this discount as a credit memo to use towards their Journal Finder or serials invoice for the first year.*

**Visit [www.wtcox.com/SLRLN.cfm](http://www.wtcox.com/SLRLN.cfm) for additional information.**

## Reprints Desk

Reprints Desk Document Delivery services are available through WT Cox. Set up your DocDel account now to save your budget and then order later as needed. Scientific, technical, and medical content from print and electronic sources available with no content delivery restrictions, fast delivery of high-quality PDF files, all copyright compliant and no hidden royalty fees. Articles are delivered within 3 hours (typically just minutes).

*Contact WT Cox for custom member pricing.*

## StackMap

StackMap is an indoor mapping web application that helps your patrons easily locate library resources. Patrons search the library catalog and map the results for direct shelf and floor location within your library floor plan.

Features include:

- Easy integration with any catalog, discovery, or mobile search interface.
- Library admin portal
- Set-up and implementation by the StackMap team
- Complete customization of OPAC integration
- Unlimited support and training as well as product updates

*Contact WT Cox for customized pricing.*

**Visit [www.wtcox.com/SLRLN.cfm](http://www.wtcox.com/SLRLN.cfm) for additional information.**

*Offer expires December 31, 2015.*
